# Cerces 370

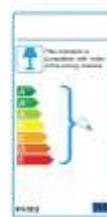

**Cerces 370:** Copper in combination with black steel is the new trend, which combines tradition and the modern age. This luminaire is mainly used for cash registers and lounge areas, ideally it can be dimmed so that the light intensity can be adjusted for your personal needs.

### Areas of application

cash registers, counters, lounge areas, tables etc.

lampshade Ø 370 cm, height 200 cm
